SUMMARY

I'm Nguyen Khanh Vinh, a fresher frontend, i'm currently a final year student of Gia Dinh University.

Learning new languages and technologies is what I am passionate about. I am considered a team-player because I like to help other and tend to work well within groups.

Most of the knowledge I learned by myself through youtube, document. I want to approach the real environment to understand the system process.

TECHNICAL SKILLS

- **Programming Languages:**
    - Javascript
    - HTML, CSS, SCSS
- **Frameworks / Platforms:**
    - Reactjs
    - React Hooks

EXPERIENCE

* TechShop Ecommerce   *1/2021 – 5/2021*

- **Project Description:** Create an e-commerce website in Frontend side, which users can select and order their favorite technology item. Of course, It's just a demo. And I built it to apply for which I learned.
- **Team:** Only me
- **Technology:** ReactJS + Redux, Restful API to fake data, Firebase to storage images.

* Small Shopee Template   *Free time*

- **Project Description:** Create a Shoppe Template (PSD to HTML), and I built it when I learned HTML, CSS.
- **Team:** Only me
- **Languages and Knowledge:** HTML, CSS, responsive.

* TodoList   *Free time*

- **Project Description:** Create a small TodoList page to manage schedule on day, and I built it when I learned ReactJs.
- **Team:** Only me
- **Languages and Technology:** HTML, CSS, ReactJs + Redux.

EDUCATION

I'm currently a final year student of Gia Dinh University (GDU) in Ho Chi Minh city.
